## Join the Mobile Revolution with the Matrix II!

The Matrix II is our entry-level widescreen notebook that is perfect for home, student or business users that need a laptop on a restricted budget. Though light on price, it delivers impressive responsiveness when doing basic computing tasks such as email, internet browsing or word processing applications. The widescreen viewing format makes it perfect for working on spreadsheets or watching DVDs. The Azalia interface delivers good sound reproduction for music and films and you'll stay productive for longer due to the 6-cell battery.
